List of Publications:  

Dr. Radha D. Banhatti

A. Papers in Refereed Journals

B. Book article

C. Papers Published in Conference Proceedings

D. Papers Presented in Conferences but not Published

14. Radha D. Banhatti, Klaus Funke, and Andreas Heuer, (poster) ‘Implications of mean field and non-mean field effects for a system of interacting particles’, DPG (German Physical Society), Spring Meeting, Regensburg, Germany, March 26-30 2007

17. H. Lammert, **Radha D. Banhatti**, A. Heuer *(invited)* ‘Coulomb interactions and identification of cationic random energy landscape for alkali silicate glasses: insights from MD simulations’ Viscous liquids and the glass transition. VIII. International workshop May 28 - 30, **2010**, Søminen, Holbæk; Denmark

E. **Book Reviews (Invited)**

   Review of a trilogy on Quantum Mechanics entitled: 
   Quantum Revolution I: The Breakthrough 
   Quantum Revolution II: QED - The Jewel of Physics 
   Quantum Revolution III: What is Reality? 
   by G. Venkataraman (Universities Press)
