

11th ISE Satellite Student Regional Symposium on Electrochemistry July 1, 2022., Zagreb, Croatia

We are pleased to announce the

11th ISE Satellite Student Regional Symposium on Electrochemistry to be held in Zagreb, Croatia on July 1, 2022.

It is a one-day event for **PhD** and **Master students in Electrochemistry and Electrochemical Engineering** to present their work in a friendly atmosphere.

Topics are: analytical electrochemistry, physical electrochemistry, electrochemical material science, electrochemical energy storage
Venue: Faculty of Chemical Engineering and Technology, **format:** hybrid

Registration is free of charge.

Conference materials & lunch bag will be provided for student participants.
The **best oral presentations** will be announced.

Abstract submission

Abstracts should be prepared in a Word document **template**.
Selected abstracts will be presented in the form of
oral presentations (10-15 minutes).

Abstracts should be submitted to the symposium organizers at
gradic@fkit.hr and **nnovosel@irb.hr** by **May 27, 2022**.

Local organizing committee
