Instructions for downloading the NMR spectra from a network server for Windows 10 users - creating a new network location

1. In the lower left corner of your screen, in the search area type **"map**" and select the offered option **"map network drive**"

Best match		
This PC App Related: "map network drive"		
Apps		This PC
Maps	>	Арр
Character Map	>	🖵 Open
🗳 Paint	>	-🏳 Pin to Start
Search the web		-🏳 Pin to taskbar
✓ map - See web results	>	둼 Manage
Documents (3+)		Map network drive
Settings (4+)		Disconnect network drive
Photos (4+)		Properties
,∽ map		<i>ø</i> j 🦸 菺 💴 🐵 🤗

Figure 1.

2. When the window opens, select the option "Connect to a web site that you can use to store your documents and pictures"

				\times
4	←	🤏 Map Net	twork Drive	
		What net	work folder would you like to map?	
		Specify the	drive letter for the connection and the folder that you want to connect to:	
		Drive:	Z: ~	
		Folder:	V Browse	
			Example: \\server\share	
			Reconnect at sign-in	
			Connect using different credentials	
			Connect to a Web site that you can use to store your documents and pictures.	
			Finish Cance	1

Figure 2.

3. Press **"Next" three times** until you reach the window where you will enter the server address in the form: <u>https://nmr.irb.hr/username</u>

		×
←	Add Network Location	
	Specify the location of your website	
	Type the address of the website, FTP site, or network location that this shortcut will open.	
	Internet or network address:	
	https://nmr.irb.hr/eustahije \checkmark Browse	
	View examples	
	Next Cano	el

Figure 3.

4. After clicking "**Next**", the system will ask for the password:

Windows Security ×		
Connect to nmr.irb.hr		
Connecting to nmr.irb.hr		
eustahije	×	
•••••		
Remember my credentials		
ОК	Cancel	

Figure 4.

5. Enter your password and press "OK"

6. In the next step, the system will ask you to create a name for the new location. After selecting and entering the name, click **"Next**":

←	Add Network Location	X
	What do you want to name this location?	
	Create a name for this shortcut that will help you easily identify this network location:	
	https://nmr.irb.hr/ eustahije	
	Type a name for this network location:	
	NMRspektri	7
		_
	Next Can	cel

Figure 5.

7. If you have successfully created a new network location, you will receive a notification:

- 8. Click "Finish" and the newly created network location will open making NMR spectra visible.
- 9. The new location will be visible each time you open Windows Explorer and select **"This PC"** as shown in Figure 7:

🖈 Quick access	^	> Folders (7)
🐉 Dropbox	*	> Devices and drives (4)
📃 This PC	*	× Network locations (2)
📃 Desktop		
Jijekovi		NMRspektri
Figure 7.		

From this location, you can copy spectra just like from any other location on your computer.

Please use your own username instead of fictional "eustahije" used here as an example. 🐵
